

## Alumnae Student Relations Committee - Report

Members : Lynda Campfield, Rebecca Freeman, Rose Lopez, Lillian Sahagun, Michelle Balovich, Bev Curwen. Chair : Viji Nakka- Cammauf

**Finals Snack** :This year we decided to partner with the Office of student activities , a Division of Student life for the finals snack week .

We had a great time preparing goodie bags for the finals snack week .With donations of chocolates, oranges, nutrition bars , and tea bags along with various other great snacks we filled over 250 bags .

We assembled them at RAH and transported the bags to the Student Union where we were able to share our best wishes for the students and give them words of wisdom on how to work through the finals and then invited them up to receive the bags .

We had a great group of volunteers, including members of the ASR committee, members and leader of the Oakland/ Berkeley branch , Vicki Luibrand along with members of the BOG.

The students were delighted with their the goodie bags and took additional bags to distribute to friends and classmates who could not attend the event .

Members of the OSA and Student Life expressed their appreciation to the ASR Committee and AAMC for the treats and for taking time to be with the students.

We enjoyed distributing the snacks and mingling with the students and look forward to working with Student Life again next year !

**Pearl M** : Please mark your calendars for Thursday April 25 for this very special dinner with our graduating seniors. It starts at 5:30 with registration and dinner at 6pm at the Orchard Meadow dining Hall . After dinner the Pearl M is presented to the student(s). The Governors then lead the students in a lantern procession to the RAH where we conclude with a toast and a champagne reception.

How to nominate students for the Pearl M: The AAMC solicits nominations from the staff, the College, and volunteers. The AAMC reviews the nominations and makes a final decision. The last step is to present the nominees(s) to the Board of Governors for a vote of approval.

Each student needs to have demonstrated a *strong commitment* to the AAMC through outstanding service within at least one of its committees (Alumnae Student Relations, Reunion, Alumnae of Color, Graduate, Class Secretaries).

We need your help to make this an enjoyable and memorable evening for the students. We will have sign ups at the next BOG meeting .

The ASR Committee has been in discussion with Christie Chung ( International Student Faculty advisor) about a Spring event and also with the Career counseling services in partnering /sponsoring events to prepare students for life after graduation.
