Educational Outreach Committee

Mission: To create programming, classes, and lectures that address topics alumnae are interested in learning more about and the life/professional issues that alumnae are experiencing today. The programs serve as a vehicle for alumnae to reconnect with the College, the AAMC, and each other.

After meeting with the education outreach committee January 29, 2014 the committee has decided to diversify the education outreach events to attract the entire Mills community. This redirecting the once narrow focus of civic education has allowed the outreach committee to partner with various groups to broaden the outreach opportunities.
