

**Alumnae Association of Mills College- Board of Governors  
Reinhardt Alumnae House Committee  
Quarterly Report – November 7, 2018**

**Chairs, Pierre Loving and Alexa Pagonas**

**Committee Members: Gloria Fangon Hitz, Lenora Tate, Viji Cammauf and Susan Thomas**

---

RAH committee has not met since the last board meeting due to scheduling conflicts amongst the members. A meeting will be scheduled before the end of the year. I am requesting that any member of the BOG volunteer for this committee as there is work that needs to be done to prepare for meetings with the college as required under the compact the AAMC signed with the college.

Reinhardt Kitchen Remodel – Construction on the kitchen has been begun. Electrical has been installed and on November 2, 2018, the project passed all 3 of the required inspections for the electrical, plumbing and building. The custom cabinets and flooring have been ordered and are scheduled to be delivered on November 12<sup>th</sup>. I selected the Quartz countertop slabs and they have been set aside with the vendor until we receive the cabinets. Most of the other work...framing, sheet rocking, painting and plumbing should be completed by the time the cabinets arrive. The appliances - gas cooktop, dishwasher, built-in oven/ microwave, refrigerator and wine cooler will be purchased this week.

The construction team has been very accommodating and Karen Fiene, the college architect has been a great help by reviewing the plans and drawings to ensure proper dimensions. If all continues on schedule, the kitchen should be completed with the final inspection taking place before Thanksgiving.
